Wedding Brochure

A man in a white tuxedo shirt and black bow tie is adjusting his bow tie. He is looking directly at the camera with a serious expression. The scene is dimly lit, with a warm, patterned lampshade hanging above him, casting a soft glow. The background is dark, with a framed picture visible on the wall.

There are two getting married, I won't miss one for the other. Let's talk about Groom Prep.

While you and the girls are getting ready, I will be there to capture the laughter.
I obtain discreet, tasteful images of the start of your day for you to
look back on in years to come.
Building trust in your photographer ensures that the days images are
as relaxed and natural as possible.

2 Hour Pre-Wedding shoot

Choose your ideal time of day (sunsets work well)

Naturally beautiful images of your day. You will never hear me say 'Cheese!'

Enjoy a moment away from the celebrations
for an informal, relaxed portrait session.

I love to capture dramatic portraits that will never go out of style.
Everyone deserves a 'magazine cover' image on their Wedding Day

FREQUENTLY ASKED QUESTIONS

How many images will we receive?

I deliver a minimum of 400 fully edited images from a full day package, usually around 500-600 depending on how much is going on. A half day package should see around 250 images delivered. Your images are not watermarked in any way and you have unlimited print rights included.

How long do you take to deliver the photo's?

Normal processing is around 6-8 weeks but during the busy periods it can take a little longer. I offer a 7 day outsourced edit for an additional fee.

Do you take family and group photos?

Yes, these are important pictures but I recommend limiting these to no more than 10 to avoid interruption to the day,
